GoodBox Pricing

Our market-leading contactless hardware is available for lease and purchase, providing our charity partners with ultimate flexibility at a fair price.

A FEW KEY PRINCIPLES APPLY:

A per transaction fee of **2.5% +10p** applies to each donation

Access to our insightful **data portal** is included for all clients

Need **extra support**?
Let us know.
At GoodBox, our goal is your success.

Why GoodBox?

SECURE & CERTIFIED

As an FCA regulated payment company and a ICO registered data controller, you can rest assured that your donations will reach your account safely and securely.

We are PCI and GDPR compliant, meaning we have you covered when it comes to data security and regulation.

LIFETIME CONNECTIVITY

GoodBox devices use WiFi and carry their own SIM cards, enabling mobile connectivity and giving you the best chance of strong connectivity. Plus our units work independently of other slave devices – no frustrating apps or smart phones required.

OFFLINE PAYMENTS

All GoodBox devices accept donations with zero connectivity, meaning no more failed donations or awkward waits trying to process in crowded or low signal areas. GoodBox offline capability offers unrestricted fundraising – anywhere, anytime.

FOR FUNDRAISERS

Every product we bring to market is created with charities in mind, but our technology is only the first step. Through working in close partnership with our charity clients, we ensure that fundraisers get the value they deserve from our products.

GBx Core

Capture donors' attention with the GBx Core's full colour HD screen. Perfect for attended & unattended fundraising, the touchscreen allows donors to increase or decrease their chosen donation amount. The device has four hours battery life, or can be plugged in to mains for continuous usage.

[DIY GUIDE](#)

Bespoke artwork is available upon request. Our inhouse design team will create it to your specification. Contact a member of the team for more information.

GBx Podium

Ensure your fundraising has presence in larger spaces with the GBx Podium. Interchangeable and customisable graphics provide you with more space for messaging, and its size makes the Podium perfect for fundraising in large spaces. *Costs are inclusive of the GBx Core and a security pack. GBx Core artwork priced separately.*
